

COVID 19 – CLINIC SAFETY MEASURES

Please attend all appointments alone where possible.
Please stand at a distance of one metre where practicable.

Hand washing for 20 seconds is requested, on arrival. Hand wash and hand gel will be available.

Please arrive on your given time. If necessary, step into the sanitised waiting room, wash hands and take a seat.

You must reschedule if you are feeling unwell or have symptoms of illness (or anyone you have been around).

Please bring your own drinks and magazines and then take them home.

Please travel light when visiting. Remove all jewellery before arrival. Please do not wear makeup on the area that you are having treated.

Face masks are required for arrival and making your next appointment. If you do not have one, you can purchase one from the salon for £1.

Surfaces, equipment, the work area and the waiting room have been sanitised, and cleaning will be carried out between clients.
